Operator Entry 🗖	Operator Setup
Use Curl for Internet Transfers	
Account-Selective Transmit	
Enhanced Order Lookup 🔽 (Requires data	ſ
Debug (D∨I Internal Use) ⊏	
OK	Cancel

This particular setup is for an Uncut Account. You will need to look at each selection. I recommend

JOB SHIP OPTIONS =	"D"
TRANSMISION METHOD =	" "
Next number should be in the 1000's	

After the check Prompt for AR Coat which I also recommend leave the rest blank.

and CLICK on OK

CLICK on Setup then Accounts this will open the Account Maintenance Screen

From the Account Maintenance screen you will need to **CLICK ADD** at the bottom of the ACCOUNT MAINTENANCE screen.

Account Maintena	ince		×
Web#	Account	UserName	
1	Set Default	Add Modify Delete	ок

This opens the SETUP ACCOUNT WINDOW. Put in your Account Name. This is what will print on your RX Forms and Packing Slips so keep that in mind when choosing how you want it to appear. The Web ID# and Password what will log you to the online system to send work and check status on jobs already in the system so this will be supplied by the lab.

Account Maintenance		
Account Maintenance	UserName	23
Set Default	Add Modify Delete	ОК

Please do not enter your email address. If you choose too we can no longer retrieve lost passwords for you.

Enter an email address: CLICK No and CLICK OK at bottom left of the Setup Account window, then CLICK OK at bottom right of Account Maintenance Screen.
